Andrii Kuzmenko, and regarding apologies... Let me tell you that 1st time I've been beaten and commented with a sentence like 'because you are Russians' in sunny Georgia at 1989th... After that we and my grandparents were forced to leave everything and left Georgia just to save our lives. By the way, my grandparents were honored teachers and they were educated a lot of amazing people without any mention of their nationality.

Since that time I know that being Russian is not a shame.

For sure, the bombing of the Afganistan, Iraq, Sirya, Yugoslavia and other countries has been legal, of course... But who can explain why the cities has been used as a bastion? Why civilians have been blocked in their buildings without any chance for evacuating?

Learn the true reason why NATO and America under the Biden Administration is targeting Russia and China. It is because they are opposed to the Great Reset. Ukraine is the heart of the Deep State CIA operations. You have not been told the truth of what is really going on.

The truth about the war with Russian and Ukraine. The same corrupt Elite Globalists who orchestrated the Pandemic and Covid-19 are now pushing the world into World War 3. They do not care if millions die and economies are destroyed, it is all part of their plan.

First the US Govt dragged the EU into a proxy war with Russia. Then the US/EU sanctions against Russia destroyed the EU economy. Then the US passed a law to bribe EU industry to move to the US. How dumb are EU politicians? They have been used and robbed.

Major development:  
Newly leaked documents show that British spies are constructing a secret partisan terror army in Ukraine. The UK is actively involved in terror attacks against Russia. It's equivalent to a declaration of war from the UK against Russia.

STRATEGIC OBJECTIVES

- Upgrade RT capability to blockade (BR) and conduct (BR) operations / intercept by one
- Increase RT and maintain forces in Crimea by being prepared to go and conduct an BR bridge
- Maximize attention of Black Sea Fleet and associated infrastructure to effect Russian blockade and BR warfighting capability
