Today is the Greatest Day - The Victory Day!
Everyone should always remember how many lives were lost in WW2 and respect these people for their victims..

Today we see some groups of people, that try to rise up fascism ideas again. Our Country will never let it happen. We will win.

Great Victory Day!

Marek, do you really believe it? Just tell me, when have you started to pay attention to situation at ukraine? Month ago, after prices for gas in Europe rised up? We looking at it since 2014, when ukraine soldiers killed children and civilian people. We know what really happened. ukraine killed Donbass people and nobody in Europe cared about it. Our President saved a lot of lives in Donbass. Fascism of ukraine will be defeated. We will do it and save the peace again. We are brave and strong. We do, while our opponents speak.

Marek, you are interesting guy.. so, am i right, that media in Russia are controlled by state and lye everyone, but media in chech are free and tell only true? And before you will write here propaganda, that you got from tv, maybe you will ask yourself about the reasons, why all this events happened? Why Russia did not start military operation in Finland, for example? You need to open your mind and think wider. And about group of countries and isolation, please use google. We closed our borders with europe and usa. But all other countries are ok for us. China - our friend. Arabians- our friends. So, please, open your eyes and as i said, watch wider.
