I love how everyone acts as if Russia is evil and calling every thing a war crime. Funny that this didn't apply to what the US and nato nations did in the middle east and Africa or with Saudi Arabia war in Yemen. Oh wait the same personalities, media cheered on or ignored what was going on with all that as over a million people died as result and our involvement in Libya brought back slave markets there and plunged that nations into chaos.

Is this make any sense? Russian soldiers occupied Nuclear Power Plant and Russian troops throwing grants on the plant?? Who is lying here?? I think Zelenskyy should stop lying!  
It is all propaganda. USA should spent taxpayers money on American needy family instead sending billions in military supplies that only fueling the war in Ukraine!!
