Пообщались с В.В.Путиным на тему развития инжиниринга в России. Лестно, что руководство страны знает и высоко ценит достижения сельхозмашиностроителей

A month ago residents of Mariupol reached Poland. Their car, a Hyundai i30, was badly damaged, however, they managed to survive.

Several Polish auto services wanted to help the car owner and offered a free repair. Now the car is as good as new. What a wonderful attitude and magnificent help. 🇺🇦

There is the famous saying: "Everything will be okay in the end. If it's not okay, it's not the end."

This could be applied to the Ukrainian situation. Ukraine will rebuild its schools, hospitals, bridges, theatres, and residential buildings once we celebrate the victory. Today Ukraine still needs your solidarity and support, as it's not the end. Ukraine needs weapon, weapon, weapon.

Stand with Ukraine, together we win! 🇺🇦🇵🇵

Just personal observations.  
I see cars with Ukrainian license plates in Moscow. One of them parks near the neighboring house. Nothing happens to these cars.

In Russia there are many cars with Ukrainian license plates stolen by the Russian soldiers.
