Very true. Russian people do not want that violence. They do not want Ukraine killing Russian people in Donetsk and Lugansk as well.

Russia is rebuilding Mariupol. New homes, gardens, sports facilities, worship areas and more. All you do is steal money from countries and enrich your bank account. You are a crook and must stand trial, also your husband

Maybe you are just delusional. The truth might be slightly different: The leaders of Ukraine in the last 30 years made from a functional country a country that is dependent on its donors. Your donors pay your bills and they will decide about the future of your territory. They can use your men to fight RF to weaken it; they can use your young educated people as a cheap work force in the EU; they might force you to cheaply sell your land to pay back for your debt. At the end, your territory might be divided between RF and the EU. RF will keep a part and bring it back to functioning; the EU will absorb the remaining part and apply its rule of law. You will be used as a tool to fulfill goals of others. Don't expect too much from the democratic world. That world will just use your resources for its own interests. You can get now something for 'free' but later you will have to pay the bill.

No peace negotiations but more war. Most of us want peace, why don't you? Sanctions only hurt the EU, not Russia.

Meanwhile the future of the EU citizens for whom you are responsible is looking darker every day.

Step down Ursula von der Leyen!
Who will stop your propaganda machine?

Creating significant value for you.

S'glasin. The Russian people have been fed propaganda, false news and lies for decades. Kleptomaniac and war criminal Putin has fooled the Russian people and many people in the west. His reign is over. He has made the Russian people ashamed of their country. Slava Ukraine!

Well, you are a supporter of Azov battalion then? You wouldn't want your boy to have any dispute on a Friday night with this gang of strong headed murderers 😏

Ukrainian military women rescued from captivity. The army charter of the armed forces of Ukraine does not provide for shaving the head for women. This was done in Russian captivity.

Many of you have commented on my post <https://fbclid.com/https://fbclid.com/https://fbclid.com/> about Ukrainian military women when they pictured with beautiful hair - that all photos are staged!

Well, look at this BEAUTIFUL ladies!! 😊

...and that's the least humiliation they've experienced during captivity...

I'm glad you are safe and sound, beautiful Slavic women. Let's save our boys now. Stop supplying weapons! 😏
