**Keith McCarter** Listen, I'm talking facts. You don't have a single fact. I can show you thousands of facts about children and people killed by Ukraine in Donetsk and Luhansk. After no Western country has defended them, Putin has apparently decided to do so. And that you are blind is more than clear. And take care of the problem with the terrorists living in your country instead of other people's problems! Many of these Ukrainians emigrated to my country and feed on my taxes. What did you do besides blabber nonsense? Do you know how brazen and brazen some of these people are? You don't just know how to babble nonsense.

yet another reason, if one was needed, for the UN and NATO to act forcefully to stop this continued genocidal campaign by putin against Ukraine and Ukrainians.

🤔🤔🤔 You prefer NATO's terror. This war is because of NATO and US aggressors.
