Какие все стыдливые стали...
На момент предств, что страна с актером-наркоманом во главе получит в свое распоряжение ядерное оружие находясь у границ твоего государства.
Это не пугает?
Отряды нацистов со свастиками на шлемах и щевронах пляшущие под штатовскую дудку не пугают?
Беженцы из ДНР и ЛНР наполнившие Россию ещё в 2014 году, стыда не вызывают?
Проснулись они...
Никто не в восторге от этой войны, 8 лет пытались решить другими способами, разве нет? Даже международные договоренности подписаны были. И где по факту те договоренности.

Our computer warned back in 2013 that Ukraine would be the place where World War III would begin. I warned that the ONLY way to prevent that was to split Ukraine based on the language. While the propaganda is that Kyiv is fighting for freedom and democracy, they have refused to allow Donbas to vote and recognize their independence. The hatred in the West of the Russian-speaking East is well documented. It stems from the period of Stalin' starving of 7 million Ukrainians to pretend that Communism was working. The fact that Stalin was not Russian but a Georgian has been lost in the pages of history.

The Dnipro River was the border between the old Russian Empire and Ukraine. The East of that river was NEVER Ukrainian territory. It was assigned to Kyiv under the USSR for administrative purposes. Crimea was always Russian and was merely assigned to Kyiv in 1954 under the USSR.
