"Unprovoked invasion of Ukraine" is yet another convenient lie. Apparently, this was a cost of joining NATO according to Arestovych, a Ukrainian presidential adviser. Don't believe it? Here is what he says himself in an interview.

[Piotr Malota](#) Do you get updates on "coward shelling" of Mariupol from Azov™ or west media (still Azov) ? What comes to making friends with neighbours, don't you think that the desire should be mutual and it seems that currently all neighbours are quite blood-thirsty and willing to suffocate Russia and each and every of its citizens that doesn't buy the western propaganda?
