Дамы и господа! Я устала чистить ленту. Я РУССКАЯ и горжусь этим! ru

Я уважаю все нации и народности, проживающие на планете Земля. Однако, мне не нравится, что мою Родину смешивают с грязью. Давайте будем взаимовежливы. Всем, кто не согласен, прошу самоудалиться! Всём добра! 🌸 Нравится

Sberbank Europe AG 7,588 followers 8mo •

Dear followers, customers, colleagues and friends. Just recently, the Austrian Financial Market Authority (FMA) has issued a decision, prohibiting Sberbank Europe AG from continuing its business operations. If we had been told this a week ago, we would not have believed it. Our bank has been developing sustainably over the past decade and ended the last financial year with a profit, even despite the coronavirus pandemic. The consequences of the FMA decision are severe, immediate and painful. It is the result of a force majeure event – an unexpected and awful war in Ukraine. There are no words for us to describe how sorry and deeply saddened we feel for this situation and all the people who are suffering now. As a bank, we have remained out of politics and have always put the interests of our clients first offering them the best products and services we could. We have created a unique team with people from 35 nationalities, including Ukrainians and Russians, working together in a friendly and inspiring way. We are confident that many colleagues, despite the current situation, will maintain good and warm relations for the years to come. To all recruiters reading this post, we recommend all our colleagues as top professionals with unique experience. Thank you very much for being with us all this time! Let there be peace! 🌸
