Kiev banderist ukronazis regime: Destroying evidence before imminent fall. Z
"Well-known Ukrainian human rights activist Elena Berezhnaya arrested in Kyiv, March 16th. Currently detained by murderers SBU"
She often spoke at international forums organized by the OSCE, the UN International Monitoring Mission in Ukraine, the UN High Commissioner for the Rights of National Minorities, where, using specific examples and with facts in hand, she revealed the discriminatory practice of official Kyiv in oppressing the rights of Russian-speaking residents of the country. She exposed the direct involvement of the authorities in covering up neo-Nazi groups, the perpetrated atrocities for which the Kyiv authorities looked the other way, or simply covered up.
In Ukraine, mass arrests continue of all those who, in one form or another, questioned Zelensky's course leading to war with Russia.
