Absolutely, thanks for your statement! The West is literally collapsing under its own weight of sanctions "that are working" and it's actually extremely hard to determine if western politicians (most of them not elected) are really stupid or killing their own economies intentionally! I'm sad for the people of Europe and their future suffering made by their governments. Everyone knew before this military operation was started that Ukraine is the most corrupted country with thriving nazism and yet they are only extending this war by supplying weapons to drug-addicted comedy actor and causing by it more and more deaths! NATO at the same time will never step on the Ukrainian land because the moment they will do it they will be eliminated and they know it. So why don't you sacrifice all Ukrainian people for the ambitions of West! This is so terribly wrong and I know what I'm saying my grandmother is from Donetsk and this is my blood even that I was born in Russia, and none of you don't you even dare to open a mouth to argue with me about this!

Isn't the majority of the 140 million Russian population part of Europe?
The point here is not on whether members of the EU accept Ukrain in the NATO alliance or the Ukrainian people are willing to join NATO.
The issue here is that the US is part of NATO and the US propaganda suggests Russia is an enemy of the US.
Assume it is true. Why would Russia allow the enemy to set foot on their borders?
Would the US allow the Russians to set base on the border of Mexico if the Mexican people agreed with a Russian military alliance?
What was the position of the US in the situation when the Cuban people wanted military collaboration with Russia in the past?
In my position, the Russian position is expected.

Antonio Reis Absolutely correct assumption. Totally agree! Don't forget people that US borders with Russia on far east and now they literally surrounding Russia from both sides. Second - ask people from Donetsk and Lugansk with who they want to be. For some reason they all evacuating now to Russia, not to the west states of the Ukraine, coz nobody wants them there...something to think about.

Hysterical, pointless Rusophobia is the latest form of competitive moral exhibitionism. It's utterly moronic.

Yes it is, but some of us also know that #Russia was founded in #Kiev! Have you forgotten that, or learn the new generations in Estonia just the history they like? 🤔

Yes, it was founded in Kiev and it was a capital of Russia (Kievskaya Rus) not Ukraine lol. There was no country called Ukraine that time. So if some people refer to that please be careful you won't appear smart enough...
