**THE BUDAPEST MEMORANDUM :**  
In 1994 US president was Bill Clinton and a couple of Ukrainian Nukes were sold on the black market to known terrorist organizations.

Russians worked with CIA to track it down and that's how Ukraine voluntarily gave up it's nukes. They had no resources to secure those.

Putin asked Clinton about possibly joining NATO...

Fast forward to Obama/Biden when US State Department funded Midan revolution, violating Ukraine's sovereignty and braking the THE BUDAPEST MEMORANDUM. (at least this is Russia's' position, where Russia is acting based on it in chasing foreign influence and defending Ukraine's sovereignty).

Basically US and Russia signed and WW3 could have started many times over it.

Remember Trump being Impeached over asking about Biden's involvement in Ukraine ?  
So as Biden came back into power Ukraine war came back ?

Maybe, like, spend some time looking in the mirror, you know.

So that's about that and this and it...

While Western media is airing that Zelensky says that Russians are targeting him to harm him, Kremlin has requested his presence to sign a surrender with terms of Ukraine's neutrality and lack of weapons. Zelensky himself demanding guarantees of personal safety or at least a bucket of petroleum jelly to start negotiations.

"Moscow is willing to negotiate terms of surrender with Kiev regarding the ongoing Russian military offensive currently taking place in Ukraine...with a focus on obtaining a guarantee of neutral status and the promise of no weapons on its territory.

These are terms that ... would enable the achievement of the demilitarization and denazification of Ukraine, and eliminate what Russia currently views as a threat to the security of its state and people."

If I remember it correctly Mila Kunis who left Ukraine when she was 7, said that she does not shower everyday because she is a proud Ukrainian.

I left Ukraine when I was 12, and I am a proud American. One of the reasons was that Soviet Government stopped repressing hate groups and things were becoming dangerous, with hate crime rising. Many of my friends that are from Russia and or Belarus are afraid right now. They are here in USA and they are afraid of nazties that would attack them for being. Some-one who came here from Ukraine said that they were afraid because their last name sounds Russian.

After collapse of Soviet Union, Bendera who collaborated with hitler and was responsible for death of innocent civilians in ethnic cleansing became a Ukrainian hero, they have statues and ceremonies dedicated to him. They named streets after him. Even now, people that waive Ukrainian flag here, on social media, can say nazi stuff, I mean I get it, they are emotional.

Even though that most Ukrainians are not Natzies, Putin's claims of dangerous Natzies in Ukraine are given some credibility as they do have some constancy with history and personal observations.

...Then they came for the Christians  
And I did not speak out  
Because I was not a Christian ...

That democratic Ukraine that our retirement funds supposedly go to, seems to have banned Christianity.

I am not even sure if communists did something like that During Soviet Union...
