This is a Russian tank! And Ukrainian car. There are no Russian tanks there. Russians didn't come there yet. They are drunk or under drugs. And I think this is not a regular army vehicle. National activists maybe. They hide vehicles next to the houses. To make a shield with civilians. Terrible tactic! They are crazy!

According to Alice Weidel (AfD), the debate about Ukraine's NATO membership was the trigger for Putin's attack. Russia was offended by this, says Weidel.

Hi **Oksana Matiash** I have friend of mine that is Ukrainian and also has family living in Ukraine. And she told me another version of the history. The one that is not mentioned by the media nor the USA. She told me that the big problem is the resurgence of neo-Nazism in Ukraine, i.e. extreme right wing, supported by the current Ukrainian government and also by the United States of America, especially in the Trump era. That there are neo-Nazi militias, extreme right-wing, attacking Ukrainian populations that do not identify with Ukrainian neo-Nazism, almost in genocide mode and that it has been these neo-Nazi militias escalating the armed conflict, supported by the government. In the midst of this the US has used these neo-Nazi militias to try to isolate Russia. In the midst of this, there has been no alternative but for the populations of the regions now declared separatists to ask Russia for help in trying to fight against a genocide that was being perpetrated among Ukrainian neo-Nazis against Ukrainian populations.

I always like to hear all versions before taking an opinion.

In which multiple places hat Russland die Ukraine angegriffen?! Dass die Ukraine wieder Support braucht, ist nix Neues. Und seit wann ist die Ukraine under a full-scale invasion by Russia???! Sie Madam Matiach verbreiten hier im Netz nur eine dreckige Propaganda. Sie haben zugelassen, dass Ihre Landsleute in der Ostukraine 8 Jahre lang getötet wurden. Sie haben einfach weggeschaut. Und jetzt schreien Sie im Netz und bitten um Hilfe gegen den Aggressor?! Apropos, womit wollen Sie die im März fälligen Kredite bezahlen ?! 30 Jahre ohne Sowjets und immer noch nicht geschafft, auf eigenen Beinen zu stehen! Erstmal die Orange Revolution, dann die Schokoladenfabrik, jetzt die Muppet Show. Aber Sie haben einen schwarzen Peter gefunden, Madam Matiash. An allem ist der Russe bzw jetzt der Aggressor schuld. Bravo 🙌🙌

You can feel now what people in Donetsk and Lugansk felt for last 8 years. It's sad but an "anti-Russia" mode at the government level can be finished this way only. Mr Zelensky asked Nato to provide nuclear weapons a week ago, that's it.

To everyone wo is far from conflict - the purpose of this attack is to dismantle military infrastructure only, therefore targets are limited to airports, weapon warehouses, military headquarters, etc. There was a proposal for Nato to stop developing forces on ukrain territory, they have refused that proposal, so now it is the plan B solution to have a further round of discussion later on.

So, is President Putin not looking out for his own people? You see what Russia is doing to Ukraine, is what America and allies want to do to Russia if they can manage to get Ukraine into NATO.

Can you sleep yourself knowing that your number one enemy is just right next door? People, don't be fooled by the Americans and western Europeans. This is a whole lot more complicated than you think.

You see how Iran and Israel hates each other, that's how much America hates Russia. Innocent people dying is not a good sight at all, but President Putin has taken a decision that sound leader would take in his right mind. If he does not do anything about Ukraine, the Americans will get right there and provoke Russia and all Nato countries will come in and then cause world War.

President Putin made the right decision. An ordinary folk like most people around the world will not understand, but trust me leaders like him around the world do understand. They may not say it and act like it but they understand his decision.
