UKRAINE WILL BE DESTROYED -- ?

Is the war in Ukraine nearly over?

It has become evident over the last week or so that it has been proven the West ARE to blame and that Ukraine will be taken ?

Disclaimer, I hate that there is a war over there, I have family and friends in Ukraine and Crimea, I live in Russia, for over 20 years, I have researched over 250 hours on both sides, trying to understand for myself.

I have argued this very point shown in the video since the start of this.

It is horrible this had to happen.

But more and more experts who blamed Russia, massive propaganda mostly from the West, some Russian.

Is it time for Zelensky to care for his people now? at the moment old men, women and young boys are being forced into the Army and sent to the battle field.

Whatever side you are on, just watch this video, very clear message from Colonel Douglas Macgregor, including evidence of Ukraine who have developed biological weapons.

It has to end, what is your view? do you believe what this guy is saying?

My view, it should never have happened, my own Son has been drafted into the Russian Army, so I do have a personal view, I do not want my son killed in a war that is going on now, a pointless war.
