Dear friends! First of all, I want to thank all independent media outlets and freelancers who try to discover the truth about the situation. Secondly, Russia has an elected president, 80% of the population supports him and doesn't see him as a dictator. The Russian president is in a trouble now. Both Russian and Ukrainian people are in big trouble now

If a trouble free, both instantiation of the segment like it now. We don't want the regime to be changed by the hegemon like it recently happened in Pakistan. We don't want democracy to change our country the same way as it happened in Iraq. Libya, Afghanistan, etc. Please dig the truth, and ban the propaganda of MSM. They started a hybrid war against all of us. We don't want a puppet or drugged president who will sell the country the same way as Gorbachev did with Souider Linn. Soviet Union.

If we don't stop a democracy machine now, if we don't perceive, you guys (trainian, Chinese, Indian, etc) will be the next target of this machine. #media #people #Russia #ukraine

The war in Ukraine isn't about saving democracy, or protecting the sacred borders of a sovereign country. The Biden administration doesn't care about any of them, obviously. No. The war in Ukraine is designed to cause regime change in Moscow.
