Roman Bulanenko People invented anti-Russian sanctions. US (+ NATO alliance countries) intervening into independent countries (including Yugoslavia in 1999) has not triggered ANY viable reaction. With no protests from NATO countries' people and no sanctions on them for "not going to central square to change their president". Wasn't that shameful? Deserved sanctions for being ignorant? Which Russians are not given the size of refugee camps all around the borders.

Or wasn't it shameful to burn/shoot the anti-Zelensky guys before...and delete the evidence for the West? Cuz is "Russian propaganda"?

I would say the World shares it as it shared the 1999 as it shared the Syria as it shared Afghanistan as it shared all other wars in history. 140mln won't be responsible for all of those.

What happens now is the whole population of a selected country is blamed for inconsistent world politics. For being ignorant. I paid my part with my savings. My family in Russia will pay part with shittier life onwards, none of the EU / West will pay for ignorance/other wars and civilians destruction. "Is all Russians, no conflicts happened since 1945 where same Russians fixed the world".

Ever went to protest yourself? May be you come to Moscow and teach us to do that successfully? Instagram is replaceable. Mobility, price levels, burned savings, kids, immigrants being harassed? Russophobia in its glory, willingness to destroy the nation and its economy which has been growing and outperforming the West. that's what scares Russians. And doesn't make the entire sanctioning world much better in what they do

Ukraine should put forward a motion in the UN declaring Kyiv the traditional capital of Russia ?
It would keep detente within the rational of the Kremlin and declare it's regime in decline ?
Then invite all Russian soldiers to lay down their arms.

And forbid all Russians to speak their language or burn them otherwise...that's the spirit!

Where were you earlier? Guess is the first war since 1945...or you also stood with Serbia? Syria? Iraq? No right...Sudden explosion of honor and honesty...hopefully it will persist onwards, not disappear with new NATO operation for "peace"...
