There is no enemy. Start to see the big picture. It is all part of the bigger plan. Everything what EU does now. Civil people always have suffered, in any military operation. 9/11 was planned. USA is penetrated, people are divided. What I really do not understand. How we can be persuaded to believe one or another side of story. Media is drilling all the time the same. We make war every day around us, we are part of this society, we elect them in. We support the action with our gambling interest. We are divided, that is the war. And COVID narrative is gone gone from the media. Strange huh?
