This is just getting ridiculous. Suddenly everything Russian became evil and we have to get rid of it, what the heck world? Where were you during the invasion of Afghanistan, Iraq, Libya, Syria and countless other countries? Damn hypocrisy and double standards all over...

Service suspension

Hello,

In light of the escalating humanitarian disaster in Ukraine, Teamwork is suspending service for all accounts in Russia.

This is effective from Friday 11th March 2022. It applies to all accounts, both paid and free. Teamwork has also blocked any new accounts from being created in Russia. Paying customers will be given a pro-rata refund from the date of cancellation to the end of their subscription.

Teamwork's decision on this will not change until the war has ended in Ukraine.

teamwork.

Definitely a well thought through process when a 24h notice is given. I guess being xenophobic is just hip these days.

We kindly ask law enforcement agencies to consider this publication on the site as a statement about the commission by this person of deliberate acts against the security of the world, the security of mankind and international law and order, as well as other offenses.
