You should not forget that today Ukraine is attacking Russian cities close to the border, Ukrainian terrorists are killing Russian media and political influencers like daughter of Dugin, Vladlen Tatarski, Zakhar Prilepin (survived). Ukraine has been a terrorist state for a decade now bombing its own population in Donetsk and Lugansk and now trying to do it in Russia. UK as a State clearly support the terrorist.

Ha-ha! You do not need to be sorry. I am happy and proud to be Russian and things are pretty much good for the Russian people. You need to be sorry for Ukrainians although it must be hard being in Texas... :)

The ability to avoid a mayor issue shows the strength. Yes, he could handle it better but nevertheless. I am sure the lessons will be learned and Russia will come out stronger out of this crisis and privala the enemies.

The destiny of the country is more important. We do not want repeat of 1917 or 1991. So it is better to reluctantly support Putin and keep country as a whole than lose it. I hope this political crisis will end soon and we come out stronger. 🇷🇺 🇬🇧 🇺🇸

You need to check your sources and stop copy pasts Ukrainian BS. The tank blocked back entrance to the army HQ which is located in a building next to the circus. Brick pillar cannot stop a tank.
