Who is selling Ukraine?
This best clown among politicians and the best politician among clowns couldn't give special status to his own people on Donbass and now is selling his country to Poland?

A modern story of Pied-Piper and the Rats.

"Reflecting on the Cuban missile crisis, President John Kennedy once warned that nuclear powers "must avert those confrontations which bring an adversary to a choice of either a humiliating retreat or a nuclear war."

This is a wise reflection. Someone should take note of it...

Alexei Kapkin ICC is a bunch of idiots - they (or rather their masters) shoot themselves in a foot - the state leader under arrest warrant cannot participate in any international negotiations and/or agreements, because they will not be recognized, hence Putin cannot participate, hence there will be no negotiations. Catch-22, the fairytale for mentally challenged.
