"The Russian government's attack on the democratic nation of Ukraine is the most violent and direct example of what has become a much broader assault on democracy," write ...see more

"We stand with the people of Ukraine, including Ukrainian students, scholars and community members at the UW. Please hold them in your hearts as they and their families face a terrible situation. We must also take care to not let the actions of Russia's authoritarian government affect our treatment of Russian students, scholars and community members who have no role in its policies."

The war has started yesterday only for the blind. Nazi groups, definitely hostile to Russia, have been shelling the Donbass people for eight long years, making more than 14.000 victims. The presence of these nazi army groups cannot be denied. They tried to recruit young people in France in 2016. The political class didn't see anything unusual, but "normal people" were shocked to see the Das Reich SS division symbols back in our country. Finally, the meeting was cancelled. This is recalled on the site of the Simon Wiesenthal Centre : <https://www.simonwiesenthal.com/en/news-releases>

Hmmm I wonder why Russia attacked Ukraine perhaps it has to do with USA wanting to put yet another NATO base on the border of Russia. Russia has asked numerous times to stop the spread of NATO eastward towards its borders. Matter of fact the NATO document states that expansion eastward of the Oder River will not happen ever and look at where we are now. Let us not forget the Cuban Missile crisis they wanted Russia's help but who was there to block them? Imagine China, Iran, or Russia building military bases on the border of the USA. Seems like it is only okay when USA does that but not when the 3 other superpowers do it.
