Some screenshots of rascizm:

The screenshot shows a comment thread on habr.com. The first comment by user Vassili5946 discusses the contradiction between anti-nationalism and cooperation with the US government. The second comment by Rinsewind, highlighted with a red box, states: "Отхвачу минусов, но нынче это вроде как называется "Европейские ценности"" (I will take minus points, but now it's called "European values"). A third comment by DreamingKitten responds with "Нет, это называется whataboutism". The interface includes standard HABR navigation and interaction buttons.

The screenshot shows another comment thread on habr.com. The first comment by Rinsewind states: "В современном мире, главное не перепутать примитивное варварское завоевание и пресветлую доставку демократии" (In the modern world, the main thing is not to confuse primitive barbaric conquest with the delivery of democracy). The interface includes standard HABR navigation and interaction buttons.

We kindly ask law enforcement agencies to consider this publication on the site as a statement about the commission by this person of deliberate acts against the security of the world, the security of mankind and international law and order, as well as other offenses.
