What about 36 white supremacist neo-nazi battalions such as Azov that are fully integrated into the Ukrainian army. Am I supposed to stand with them as well. What about the fact that the racist Buffalo mass shooter used the same nazi symbology (black sun) that is also present in the Azov battalion insignia and is worn by many Ukrainian soldiers. Or the fact that the Ukrainian president posts on social media Ukrainian soldiers that wear patches of the German SS battalions or the fact that Finland was part of the Nazi Germany axis and fought to implement the final solution. Am I supposed to just ignore that.
